A Conference for the States of the Upper South

sponsored by

Old Salem, Inc., Reynolda Gardens of Wake Forest University and Stagville Preservation Center of the N. C. Department of Cultural Resources

In the spring of 1979 one hundred persons from throughout the eastern United States gathered in Winston-Salem to participate in an inaugural meeting dealing with historical horticulture in the upper southern states. This first "Restoring Southern Gardens and Landscapes" conference was acclaimed by participants and staff, and it soon became apparent that the conference was significantly important and should be sponsored regularly to continue dealing with the vital and varied issues of southern garden and landscape restoration.

This year's conference builds upon the successes of 1979. It brings together an outstanding group of professionals from a variety of relevant disciplines to present their research, to explore ideas and to raise questions relative to garden and landscape restoration. It will be a valuable opportunity for individuals with common interests to meet, to share and to learn while enjoying the rich heritage of Winston-Salem.

REGISTRATION NOTES

Registration will be limited to 100 persons, and reservations will be accepted as they are received. We strongly recommend therefore that you make plans to attend as quickly as possible.
